REPORT

A Parent-Teachers' meet was organized on 3rd December 2022 for 100 I BDS students appearing for University exam in winter 2022. The meeting was organized in Room 202 of MARDC, Pune. The meeting was preceded over by the year in charge, and the Head of Dept of the respective subjects of first year. The meeting session was supervised by Dr. Ajit Koshy, the chairperson of the parent teachers' association. The parents were given guidance and prior instructions about the meet.

The internal assessment marks was shown to the students before the meeting. Any issues raised regarding it was discussed during the meeting. Parents of 41 students attended meeting in the subject of Dental Anatomy and Histology, General Anatomy, Biochemistry and Physiology. At the end of the day of the meeting a Google form was sent to the parents to be filled regarding their feedback for the meeting and their personal details.

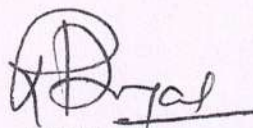

The parents wanted to know about the progress of their ward in internal assessment exams, and about the attendance in all the three subjects. They wanted to know what changes can be made so that their performance can be improved. The Teacher incharge assured them that they are ready to help the student but the student has to make an attempt to ask about their difficulties. An issue regarding the journal completion was raised since there were quite a few students who had incomplete journal inspite of having more than the required attendance percentage as prescribed by the university. The HOD of the subjects stressed the importance of journal and the marks assigned to it during the university exam.

The predominant complaint was adjustment issues with students since they had moved to a new city. The chairman of the committee assured the parents that the students take time to settle and all of them eventually do, but the stipulated time offered by the university to finish the first year is just enough and the students will have to cope up considering all other factors. The college and subject in charges will offer as much help as possible to the students.

REPORT

A Parent-Teachers' meet was organized on 11th July 2023 for 100 I BDS students appearing for University exam in winter 2023. The meeting was organized in the Dept of Oral Pathology and Microbiology of MARDC, Pune. The meeting was preceded over by the year in charge, and the Head of Dept of the respective subjects of first year. The meeting session was supervised by Dr. Ajit Koshy, the chairperson of the parent teachers' association. The parents were given guidance and prior instructions about the meet.

The internal assessment marks was shown to the students before the meeting. Any issues raised regarding it was discussed during the meeting. Parents of 32 students attended meeting in the subject of Dental Anatomy and Histology, General Anatomy, Biochemistry and Physiology. At the end of the day of the meeting a Google form was sent to the parents to be filled regarding their feedback for the meeting and their personal details.

The parents wanted to know about the progress of their ward in internal assessment exams, and about the attendance in all the three subjects. They wanted to know what changes can be made so that their performance can be improved. The Teacher incharge assured them that they are ready to help the student but the student has to make an attempt to ask about their difficulties. An issue regarding the journal completion was raised since there were quite a few students who had incomplete journal inspite of having more than the required attendance percentage as prescribed by the university. The HOD of the subjects stressed the importance of journal and the marks assigned to it during the university exam.
