### REPORT OF RECALIA '19- ALUMNI MEET AT M.A RANGOONWALA COLLEGE OF DENTAL SCIENCES & RESEARCH CENTRE, PUNE-1 (16<sup>th</sup> & 17<sup>th</sup> AUGUST 2019)

The Alumni association at M.A Rangoonwala Dental College was conceptualized and formed in December 2012. After elections among the ex students and faculty of the college, office bearers for the forthcoming meet were decided. After the previous meets, a wide propaganda on facebook, email, telephonic media, and newspapers, was created and the date for new meet was set for 16<sup>th</sup> and 17<sup>th</sup> August 2019.

In this era of internet where facebook and twitter are the order of the day, connecting to anybody in the world is just a click away. However just connecting does not ensure meeting. Thus we arrived at RECALIA '19 or Recall, where we avidly propagated MEET, CONNECT & IMBIBE. We aimed at creating a platform for ex students to come back to their alma mater, meet and reconnect with old and new, exchange ideas, and share some beautiful moments. At RECALIA we also aimed to Imbibe. By Imbibe we meant absorb. Absorb good values, great ideas, assimilate good thoughts and knowledge. The Recalia Alumni fest for one and half days was a unique blend of Scientific, Cultural and Sports activities. Scientific talks from renowned speakers, assortment of food and games at the Recalia Carnival, Sports, and Cultural extravaganza with dinner at the Banquet were the highlights of the event. We also introduced the ALUMNI FORUM where some of the alumni, who have undergone specialized training, were invited for presentations.

There was an overwhelming response from the ex students who were more than willing to return back to their alma mater and refresh their fond memories of times spent at the institute. There was strength of 350-400 Alumni at all times during the meet. The positive feedback about the schedule of events during the meet and a desire expressed by most alumni for having a similar grand meet in the coming years was definitely reassuring and encouraging to us.

## Suggestions for future Alumni Meets

42 responses

Keep it up 👍

Keep it up

None

Keep it as simple as possible

Good

More participation of alumni

-

None specific

Try keeping the alumni meet one every 2 years.

Nil

Once in a year with scientific and more informative lecture.specially for beginners.

More scientific lectures and entertainment program

Morning event , destination function

This was an amazing event and in future it should be continued to be conducted again

Looking forward for more such fantastic,loaded with lots of knowledge,super interesting scientific sessions at our alma mater from our alumni friends and seniors

stream the lectures online for the ones who cant attend the scientific session

You can take a list of all the batches till date, invite team should call them personally atleast 2 months prior , & request them to join . Because many of them were unaware of it . So personal call or invites should be done to each Alumini

Better band

Better venues, better dates, less formalities, more fun. ●

Get the alumni to participate in the event

Reaching out to more people for maximum participation

Make it free

It was just perfect!

No suggestions..Everytime it will be a different batch organising it sothey gonna nail the event. So just i would say keep up the hardwork.

NIL

No

Evening show only

Air conditioned auditorium

Air conditioned hall if possible

Nothing was great

Please let us know atleast two months in advance so that our friends from other cities and from abroad can make their travel plans.

We need to reach to more students of the institution.

Events should be declared very early and should be informed about the event schedule early

Assembly Hall/The cricket pavillion would be a more bigger and better venue for the event

Include some fun activities that involves alumni like a fish bowl or anything.

Keep a virtual online session for people who can't attend

More photographs of yesteryears in the slide show would have helped as it gives the drive down memory lane... Apparently some alumini of other years were not aware of the event so it would make sense to have one coordinator per year in your team

More interactive sessions

More scientific sessions

Additional Comments/ Suggestions/ Appreciation/ Criticism.

What a feeling it was! especially hostel area when I visited i was allmost in tears..felt overwhelmed and I'm falling short of words....had a great time at Azam campus again

Greatly appreciate Dr Duggal maam, Dr Vivek sir , Dr Rashmi maam , all the other HODS and staff, interns and organizing council, for this great event.

It was truly a Great show , well done .

Enjoyed the event

Really appreciate the organisation of the event, good food, good music. Wish you had reached out to more people and requested them to attend, I am sure you guys must have, maybe next time we can get them all. No criticism, coz we know what it takes to organise such events and you all did great. We made sure that we had a blast. It was great fun. Thank you. Next time, less formalities, more fun. Maybe a party outside. 🍷

The committee did a commendable work organising this event. Hail for the entire team and wish to see this seed of enthusiasm grow in a tree with countless branches.
