BIOCLEAR AND ENDODONTICS – BY DR DAVID CLARKE

CDE REPORT

Date – 11/1/2018

Venue – Department of conservative dentistry and endodontics, MARDC, Pune

Time – 10 :00 am to 2 : 00 pm

Number of Participants : 28

SUMMARY –

Dr .David Clark had given a lecture and demonstration of the Bioclear concept This CDE basically focused on five major cornerstones of Bioclear concepts for both anterior and posterior solutions which are: Biofilm Removal Tooth Preparation Based on CaLily Designs and Principles Matrices Selection and Handling Injection Overmolding of Heated Composite Rock star Polishing.

Speaker Details :

Dr. David Clark founded the Academy of Microscope Enhanced Dentistry, an international association formed to advance the science and practice of micro-endodontics, micro-periodontics, micro-prosthodontics and microdentistry. He is a course director at the Newport Coast Oral Facial Institute in Newport Beach, California. He is co-director of Precision Aesthetics Northwest in Tacoma Washington, and an associate member of the American Association of Endodontists. He lectures and gives hands-on seminars internationally on a variety of topics related to microscope-enhanced dentistry. He has developed numerous innovations in the fields of micro dental instrumentation, imaging, and dental operatory design.
